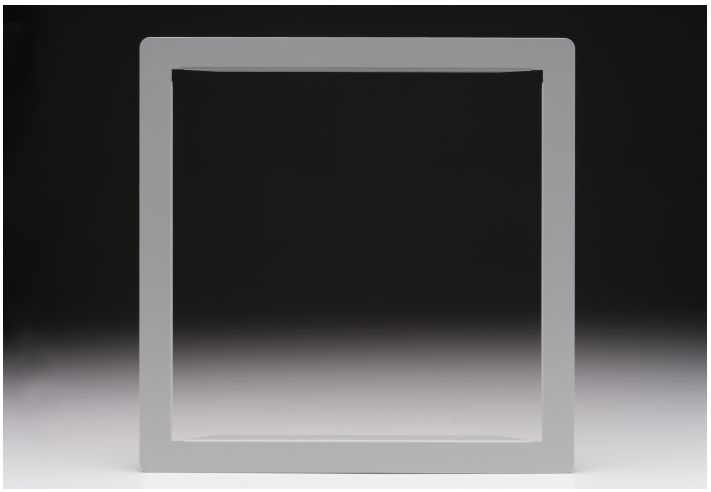
MxPro 5 Semi-Flushing Bezels

Advanced bezels are colour matched with all our fire alarm control panels using RAL7035.

All bezels are provided complete with fitting kit for a quick and easy solution for semi-recessing the MxPro 5 series control panels.

Please note: when recessing, extra clearance (5mm all sides) must be factored to allow the bezel to be fitted to the backbox.



Features

- Semi flush fitting for all MxPro 5 panels
- Picture frame effect for ease of installation 30mm flange
